San Diego, CA 92101

Dear Ms. Bibler,

I understand that a proposal to form the Greater Hillcrest Community Benefit District has been submitted to the City of San Diego Mayor's Office and Economic Development Department. I was briefed on this proposal on June 23, 2021 by property owners who wish to create this district. I understand that this district will provide clean and safe services, including outreach to unsheltered individuals.

I hope that this project can move expeditiously through the City review process. I look forward to the property owners within the proposed district having the opportunity to vote on the creation of the district and weigh in on whether it is right for them.

Sincerely,

A handwritten signature in blue ink, appearing to read "Stephen Whitburn".
